

## 2018 EVALUATOR LIST

NAME	LEVEL	EMAIL	NUMBER
<p>The KEEP program is comprised of 8 levels, divided into 4 division (Novice, Junior, Senior, Horsemaster). Our program is a skill-, experienced-based concept. It is put together to allow youth to move up at their own pace (learning ability). It is also designed that youth with disabilities can participate at the level they are most comfortable with. Youth are encouraged to move through the levels as their skills increase.</p>			
<p>4-H Horse leaders (&amp; project leaders) are allowed to evaluate youth in their own clubs through all levels including Horsemaster. Horsemaster youth must be evaluated by 2 leaders (one can be within their club &amp; one must be outside their club).</p>			
<p>The mounted evaluations are designed to be ridden in any discipline (western, hunt seat, saddle seat, dressage, gymkhana). The evaluator is not basing their score on the discipline or the horse, the evaluator is basing their score on the ability of the youth; the youth's ability to understand how to ride the elements of the pattern and their mastery of working with the horse on execution of the elements.</p>			
<p>The leaders listed below are willing to work with youth outside their club. If you are not comfortable with evaluating the youth in your club, please contact someone on this list to schedule a time to work with you on these evaluations. If a youth in your club is questionable on a level, it is helpful to have an outside leader come and evaluate the youth; and then work with the youth, the youth's parents and you to decide on the level the youth is going to be the most comfortable in competing in at fair.</p>
